Statement

This is my suicide for my Prime Minister Modi ji and my state chief minister Pushkar Singh dhani ji. Respected sir I am born and brought up in Dehra Dun 17 June 1972 is my date of birth. From last 32 years I am in the business

of construction. I have a clean, good reputation in my profession. What ever work/project I took I have always delivered and completed.

I with my Partner Sanjay garg planned to start 2 projects one near helipad name Isvaraa nature plus and second on Rajpur road next to ama cafe. For this work we have to companies, Sawhney structurell? and Sawhney Infra LLP, we don't had big money to do such volume work but we had good reputation in the market. I convinced the land owner with good intentions to do the joint development agreement. Thanks to them for trusting us

while planning these projects we came in contact of Mr Baljeet Sing Batra (Baljeet Sony) he introduced me with Mr Anil gupta who lives in Dahanwala Dehra Dun. Mr Baljeet Sony intention was very clear and fair in introducing me with Anil gupta as Anil gupta was asking

him to invest in some project and I was planning new project with Sanjay gang. Mr Anil gupta entered in both the companies as silent partner and promised not to ~~involve~~ involve in ~~any~~ day to day work and

He will invest 85 percent of what ever money will be required in the project. With such promises and commitments we started the work. Without knowing that Anil gupta has some very dangerous planning in his mind. When both the joint developed agreement got registered and one project got started.

Anil gupta became silent and stop talking to us. and in his place Ajay Gupta started involving in every matter. He appointed Mr Aditya Kapoor as his representative in the company. In few days Ajay Gupta created too much pressure on me and my partner because of his background and his angry

behaviour of threatening (एकतरफ), we were not able to say anything in front of him as he had a very dangerous ~~work~~ part as he himself told us to check on google what he has done in south

Africa. He is a way big ~~fraud~~ fraud. Since we are too much afraid of both Anil Gupta and ajay gupta, in this project public

money is involved. We cannot work with him. I have to prove my innocence, i have not done anything wrong. Therefore in this tention, i am

deft with nothing else. I will suicide and get rid of this tention.

SAVE MY FAMILY PLEASE
